Transformation

Supported Entity:

Maritime Command  
Northwood

Data:

Request for Support:  
2018 ACT

Permanent Activity  
– no Enddate

COE CSW POC:

CDR DEU N Kohls  
Ext.: 6205

## Executive Description

“Lessons Learned and Analysis” is one of the four pillars of NATO Transformation. On request, the activity offers analysis support and advice to HQ MARCOM, other NATO Command Structure (NCS) elements, and NATO Force Structure (NFS) maritime entities.

## Purpose

The purpose of this activity is to efficiently learn from experience through a formal approach, and to provide validated justifications for improving existing procedures, standards, etc.. This will allow for reduced operational risk, increased cost efficiency, and improved operational effectiveness.

## Milestones

- Local Manager within the NATO LL database 2019
- Establishment of internal LL process 2020
- Member of Maritime Lessons and Observations Analysis Forum established 2020

## Main Activities

- Participation in LL conferences and workshops
- Participation in COEs LL workshops
- Contribution to the NATO Lessons Learned Toolset User Requirements
- Analytical support to JALLC on request
