Data:

Request for Support:
2016 MARCOM/SHAPE

Permanent Activity
– no Enddate

COE CSW POC:

CDR (POL N)
Grzegorz JURCZUK
Ext.: 6206

Executive Description

The COE CSW permanently supports the Evaluation Teams from MARCOM and SHAPE with Subject Matter Experts (SME) for the evaluation of NATO Standing Naval Forces (SNF) and NATO Response Force (NRF) HQs. MARCOM and SHAPE have a keen interest in regular cooperation regarding the evaluation process of SNGs and SNMCMGs staffs and corresponding NRF HQs. Moreover, COE CSW SMEs are also engaged in the revision of Allied Force Structure (AFS) documents and in support of the Maritime Evaluation (MAREVAL) Working Group (WG) led by SHAPE.

Purpose

Provide continuous support to the evaluation process of NATO Force Structure elements, revise AFS documents, and contribute to the MAREVAL WG by bringing in CSW and other specific maritime aspects.

Milestones

In 2016, MARCOM – being the principal advisor to SHAPE in all maritime evaluation matters - requested the COE CSW to support the evaluation process for SNF.

Since 2018, COE CSW expanded its scope of expertise by participating in the evaluation of Maritime Component Commanders and Joint Headquarters.

Main Activities

MAR 2022	Participation in MAREVAL WG
APR 2022	Participation in MAREVAL Conference
JUN 2022	Evaluation of SNMCMG 1 during BALTOPS 22
OCT 2022	Evaluation of SNMCMG2 during DYNAMIC MARINER 22
